A brand of **Assam Roofing Limited**

Empowering Infrastructure Since 1972

Incorporated in 1972, Assam Roofing Limited has emerged as a hallmark of excellence in roofing and industrial solutions across the Northeast. With a state-of-the-art facility in Guwahati, it manufactures high-quality colour coated sheets, aluminium-zinc alloy coated coils, corrugated sheets, asbestos cement sheets and roofing accessories.

The company leads in hot dip aluminum-zinc alloy metallic coated steel strips and pre-painted variants, backed by fully automated continuous process lines for superior quality and consistency. Trusted for flagship products like Rhino Star colour coated sheets, Rhino Gold Al-Zn alloy coated sheets and Rhino AC Sheets, Assam Roofing Limited sets benchmarks in durability and reliability while shaping the resilient skylines of the Northeast with strength and innovation.

solutions

Rhino Gold Al-Zn Alloy Coated Sheets & Coil

Rhino Gold has been the backbone of the region, providing high-quality Al-Zn alloy coated sheets and coils designed to endure North East India’s challenging weather and infrastructure needs. Our commitment to innovation, trust and local craftsmanship ensures that every sheet we produce not only builds structures but also strengthens and empower communities. Ensuring unmatched protection against corrosion, extreme weather and time.
